*ANNUAL
REPORTS*

*Bennington
New Hampshire*

1966

— Arthur F. Bell —

This picture represents in a very small way an expression of our thanks and appreciation to Mr. Bell for his faithful and dedicated service to Bennington and its residents for a period of over fifty years of public service.

Mr. Bell began his service to the community in 1914 as a Selectman and in 1919 he became Town Treasurer and for 47 years he served the town in this capacity, retiring last year.

We who worked with him and all of his fellow townsmen wish him a long, healthy and happy retirement.

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Bennington in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Bennington on Tuesday, the 14th of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To see what sum of money the Town will raise and appropriate for highways and bridges.
3. To see if the Town will vote to accept State Aid for Class V roads and raise and appropriate money for the same. The Town must raise \$279.46 and the State will contribute \$1,863.05.
4. To see if the Town will vote to authorize the Selectmen to borrow such sums of money as may be necessary in anticipation of taxes.
5. To see what action the Town will take in regard to real estate taken over by the Town for non-payment of taxes.
6. To see if the Town will raise and appropriate the sum of \$2,000.00 for tarring. (Selectmen and Budget Committee).
7. To see what action the Town will take regarding repairs to the roof of the small firehouse and to raise and appropriate \$300.00 for the same. (Selectmen and Budget Committee).
8. To see what action the Town will take regarding flame-proofing the Town Hall stage curtain and to raise and appropriate \$65.00 for the same. (Selectmen and Budget Committee).
9. To see what further sum of money the Town will vote to raise and appropriate to acquire title to land near the well site in the northern part of Bennington on the western side of the old road to Antrim and to acquire such easements or other rights as

are necessary to connect the proposed well with the present water system and for extensions thereof. (Selectmen — Budget Committee — Water Commissioners).

10. To see if the Town will authorize the Selectmen to convey to the Bennington School District the so-called Pierce School property which was conveyed to the Town by Arthur J. Pierce by deed dated January 1, 1929.

11. To see if the Town will vote to accept such land as may be conveyed to the Town by the Bennington School District. Also to see if the Town will vote to accept any gift made to the Town during the prior year.

12. To see if the Town will accept the report of Anderson-Nichols regarding the preliminary engineering survey on stream pollution and to see if the Town will authorize the Town Planning Board and the Selectmen to study the same in conjunction with the representatives of the Town of Antrim and Monadnock Paper Mills, Inc.

13. To see what sum of money the Town will raise and appropriate for Statutory requirements and to carry the articles and appropriations of the School District into effect.

14. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 21st day of February, in the year of our Lord nineteen hundred and sixty-seven.

William L. Aldrich
Erving A. LeCain
Frederick S. Sheldon
Selectmen of Bennington

A true copy of Warrant — Attest:

William L. Aldrich
Erving A. LeCain
Frederick S. Sheldon
Selectmen of Bennington

We would also call to the attention of the voters that in accordance with vote of the Town Meeting the articles of the Warrant will be taken up for action at 1:30 P.M., the afternoon of March 14, 1967.

Robert Knight

Auditors

G. E. P. DODGE LIBRARY REPORT

In recognition of eighteen years of faithful service as librarian of the G. E. P. Dodge Library, the following report is dedicated to Mary K. Wilson.

Recognizing the need to keep pace with the times and to avail this community of every possible assistance in so doing, we have have this year affiliated with the newly organized Statewide Library Development Program which has been set up to strengthen local libraries, to give improved service at a lower cost than would be possible if each individual town were to provide the same service and benefits. This will be accomplished without in any way interfering with the local self-government of public libraries by their own Boards of Trustees. Participation in this system is entirely voluntary and we can withdraw at any time.

Affiliated libraries are eligible to receive state aid; an outright grant to improve reference collections, plus additional dollar-for-dollar matching grants for books and related materials. We have already received a gift of one hundred dollars' worth of reference books, of our own choice, and are buying books through the state bank at discounts up to thirty-eight percent. It is expected we will receive a similar one hundred dollar grant annually.

Our district office is in Keene, N. H., and functions to provide us at all times professional guidance. For the past six months a consultant from there has spent one day a week at our library assisting in weeding, classifying, and cataloguing our books. The librarians, trustees, and friends of the library are working with her, and this seems an appropriate time to express our appreciation for all the volunteer work being contributed to this worthwhile project.

From the extension service, which includes the Bookmobile, it is possible to borrow books on all subjects and in many languages

—both fiction and non-fiction. All you need do is make your wants known to the librarian. Records are also available to adults through the state library and we are starting our own collection for loaning. For those librarians unable to attend the summer training course at the University of New Hampshire, there is now an extension course at Keene State College where it is possible to acquire basic training so essential today to efficient library operation. Scholarships are available for qualified candidates for the summer school. Our librarians are expecting to avail themselves of this training.

There has been some adverse criticism of our attempt to recover books lost and/or long overdue. As trustees we are responsible to you taxpayers for the care of the library and its contents. We have a duty to protect your interests, one of which is to keep track of books and see that they are returned and in good condition. It is seldom necessary to have overdue books inasmuch as they can be renewed at the end of a three week's period. If you find any library books among yours that are long overdue, regardless of how long, please return them. If it is over six months there will be no fine and no questions asked.

We are working closely with the schools to have on hand the supplemental reading material the children need for their various subjects. When informed of their needs, and with assistance of the state library, we can be of much help to them and their teachers. In fact, many of the books borrowed specifically for school work are loaned directly to the school from where they are circulated. There is a book-drop at the school so that books may be returned at any time. As soon as we have established the fact with the Internal Revenue Service that we are a tax-free institution we will be eligible for federal surplus materials from the Distributing Office in Concord, N. H., and one thing we hope to obtain is a discarded mail box which can be converted to the above-mentioned purpose.

Have you been wondering what we mean by our constant reference to "Friends of the Library"? It means exactly that—with formal organizations now being set up throughout the country—groups of people with a friendly interest in the improvement of local library service. Their activities and services include the following: giving time for shut-in service, story-telling, preparation of exhibits, decorating, sponsoring story hours, film programs, discussion groups, community activities, senior citizen programs, and musical programs, donating special books, records, furniture and equipment, encouraging support of the library budget, library programs, and library legislation. The opportunities to help are endless.

In Bennington we are serving informally at the moment, hopeful of becoming organized at a later date. If you are interested in serving in even the smallest way, please get in touch with

us. We welcome your support. Among other things, our local "friends" have provided drapes, reading lamps, trash cans, signs, candy for our sales, and much assistance with our very successful lawn party and book sale this summer. We have received gifts of money for books from the Girl Scouts and 4-H Club as well as individuals. The balance of funds belonging to the disbanded Bennington Women's Club has been desposited in the Peterborough Savings Bank in the name of the Trustees of Trust Fund Dodge Library Fund, the interest from which is to be used towards the purchase of books.

Under the auspices of the library, through the kindness of Paul Scruton of Hillsboro, N. H., weekly art classes are being held, free of charge, for grade school children. We are much indebted to Mr. Scruton.

We are appreciative of the cooperation of the Board of Selectmen of Bennington in carrying out our various programs.

We need trustees, librarians, state library consultants, and friends working together for a progressive, useful library, but it is meaningless without *patrons*. Much has been done over a period of years to provide Bennington with one of the best small town libraries in the state, and with the added support from the state and federal governments ours should truly become the cultural center of the community. We need the cooperation of every resident of this town. PLEASE USE YOUR LIBRARY.

Rules and Regulations

No book or other property belonging to the Library shall be taken from the Library room without the consent of the Librarian.

Any person entitled to Library privileges, who shall take any book from the Library room without allowing the usual record to be made of the loan of such book, shall be fined one dollar.

No person shall loan any book belonging to the Library to anyone outside of his own household, under penalty of forfeiture of Library card.

Books must not be kept out more than three weeks, under penalty of two cents per day for the additional time; and if not returned at the end of five weeks, the person holding them shall pay all expenses incurred in sending for the same.

Borrowers owing a fine shall forfeit all privileges of the Library until such fine is paid.

Anyone losing or injuring a book shall replace it with one of equal value, or pay the Librarian for the same, as he shall determine.

FIREWARDS REPORT

IN CASE OF ANY TROUBLE CALL:

Village Spa 588-9652 daytime and evening until 9:00 p.m.
Paul Traxler 588-6755 anytime.
Peter Martell 588-2148.
Charles Zabriskie 588-6328.

Respectfully submitted,
Charles Zabriskie, Chief
Paul Traxler, Asst.
Peter Martell, Asst.

IN CASE OF FIRE TO CALL BY TELEPHONE:

- (1) Dial your Access No. then 352-1100.
 - (2) When dispatch center answers give your name, location and description of fire.
- Wait a few seconds and listen for alarm.

Last year was rather a quiet year for us.

Fires that we attended were: 5 House Fires, 1 Car Fire, 1 Dump Fire, 3 Chimney Fires, 1 Brush Fire, and 2 Mutual Aid calls. We did not call for any assistance from Mutual Aid.

We held 5 Practices on Pumping and Hose lay outs during the year.

Thanks again for your support in our Auction and Raffles. We are trying to build up a Building Fund with some of the money.

We purchased 6 Firecoats, fabric with removable linings, which is a far better coat than our old rubber ones.

It was decided at our Jan. meeting not to put any Article in the Warrant this year because we feel there is enough big things coming up this year.

FIRE RECORD

Fire records are made by people — those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966).

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres — a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 A.M. and 5:00 P.M. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your authorized town or municipal dumping area.
2. Be sure all discarded smoking material is out.
3. Don't leave a live camp or cooking fire.
4. Most important — instruct your children that matches are not play things.

TRULY — ONLY YOU CAN PREVENT FOREST FIRES

Charles Zabriskie, Warden
Winthrop P. Hannaford
District Fire Chief

BENNINGTON SCHOOL DISTRICT

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Bennington qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the tenth day of March, 1967, at eight o'clock in the afternoon to act upon the following subjects:

1. To see if the district will vote to enter into a contract with another school district to pay tuition in excess of the State average.

2. To hear reports of agents, auditors, committees or officers chosen and pass any vote relating thereto.

3. To determine and appoint the salaries of the School Board and fix the compensation of any other officers or agents of the district.

4. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries of school district officials and agents, and for the payment of the statutory obligations of the district.

5. To see if the district will vote to authorize the School Board to make application for, and to accept on behalf of the district, any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire for the school year 1967-68.

6. To see if the district will vote to authorize the Bennington School Board, acting as agents of the district, to transfer any property now belonging to the district and not being acquired by the Contoocook Valley Cooperative School District, to the Town of Bennington.

7. To see if the Bennington School Board, acting as agents of the district, shall be authorized to accept for the district property now owned by the town.

8. To see if the district will vote to authorize the school board to convey to the Contoocook Valley Cooperative School District, by quit claim deed, the property, together with the contents thereof, and all land owned by the district.

9. To see if the district will vote to direct the treasurer to pay over to the Contoocook Valley Cooperative School District any cash balance in his hands or money due the district as of July 1, 1968, or thereafter, less any outstanding bills or debts; any sum so transferred to be used as a credit against the school district assessment to be raised by the pre-existing Bennington School District to defray its share of the cost of operation of the cooperative school district during the first year of operation.

10. To transact any other business that may legally come before said meeting.

Given under our hands at said Bennington this fourteenth day of February, 1967.

SUPERINTENDENT'S MESSAGE

When in the course of human events it becomes necessary for the voters of a school district to make a judgment relative to the organizational structure of its educational program, serious thinking should be the basis for making a determination. This is the problem which most of the districts in Union #24 are faced this year and possibly next. The decision of the voters will point the direction for educational endeavors within their communities for the next decade and perhaps longer. It is not too difficult to make decisions for a one or two year period as the precedents provide quite adequate information on which to make a judgment. However, to decide in 1966 what is going to be best in 1976 requires a different type of thinking and a considerable amount of guesstimation. Probably by the time this is being read some decisions will have been made, but I expect there will be more to come. Therefore as I proceed with my report I shall try to provide some information for your consideration without excessively showing my prejudices.

Federal

We are now in the second year of involvement with the federal aid to education program. P. L. 89:10 with its various titles has been tied to the government's poverty program and consequently has not provided to the rural areas anything but "peanut programs" financially. However, we have been able to utilize these meager funds to provide some additional services or improve some existing services in a manner which would not have been done had these funds not been available. We have also been able under these programs to acquire a considerable amount of equipment which would not otherwise have been available. Our libraries have been able to improve themselves measurably under the Title II program.

Unfortunately the proliferation of the Viet Nam conflict and the aid to education program came into being at about the same time. Now at a time when it was expected the education program would be funded in increasing amounts the requests for larger appropriations to carry on the war are going to receive top priority and it is expected that funds available for educational purposes will be of a token nature. Therefore I expect that at all levels of government there will be a reduction of expenditures of federal funds for education.

State

Article 83 of the Constitution of New Hampshire states, ". . . it shall be the duty of the legislators and magistrates in all future periods of this government to cherish the interest of literature and the science and all seminaries and public schools, . . ." That the legislature took this obligation seriously is evidenced by the docu-

ment entitled "New Hampshire Revised Statutes Annotated Relating to Public Schools". To administer the laws enacted relative to public schools the legislature created the State Board of Education and spelled out its powers in Chapter 186, section 5 as follows, in part, "the State Board shall have the same powers of management, supervision and direction over public schools in this state as the directors of a business corporation has over its business . . ." "It shall be the duty of school boards and employees of school districts to comply with the rules and regulations of the State Board."

The above should leave no question as to where the responsibility for the quality of New Hampshire's educational opportunities lies. Probably few would argue that this is not as it should be. However, there is a growing dichotomy between the two groups listed above and the local communities who have carried the burden of implementing the mandates of the legislature and the directives of the State Board.

The legislature and the State Board in their endeavors to provide quality education for all the pupils in the state have found it necessary to issue directives which required many communities to upgrade their educational efforts to a considerable extent. At the state level it was recognized that some communities were more able to support quality education than others. In order to aid the less affluent communities maintain its educational offering at the level requested, the Foundation Aid program was established and in later years Building Aid, Sweepstakes, Education for the Deaf, Physically Handicapped and Mentally Retarded programs came into being. None of these programs have been funded to the extent of the need and very few to the extent of the statutes.

A good example of this lack of funding the state aid programs is revealed when it is observed that in 1966-67 Antrim received \$11,917.71 from the Foundation Aid program and if full payment would be made in 1967-68 they would receive \$52,294.66. In 1966-67 Hillsboro-Deering received nothing but if the program was fully funded for 1967-68 they would receive \$68,730.85.

Few people realize the extent that change is taking place in education today. To attempt to keep up with this change the state is putting more and more pressure on local communities to upgrade their educational efforts. It is obvious that the improvement of present services and the addition of new services plus the inflationary trend in all phases of operation is of great concern to the local school districts who now carry the brunt of the burden of financing their educational endeavors. It is well known that the State Board is considering new standards for various phases of the state's educational program and that the 1967 legislature will be considering legislation which will increase the cost to the local school districts. To what extent can the local districts absorb these additional costs?

I am among that growing number who feel that with the responsibility for establishing educational standards in the state

goes the responsibility to financially support these programs to a greater extent than the state is now doing, and that until such a time as the state is willing to assume a much more realistic responsibility no new programs be implemented at the state level which require local level funding.

While we are discussing school costs, let us again examine the state average per pupil cost for tuition purposes which does not include debt service and transportation:

Year	High School	Elementary
1962-63	457 00	279 00
1963-64	449 00	295 00
1964-65	467 00	311 00
1965-66	489 00	328 00
1966-67	521 00	351 00
1967-68	589 00	401 00

For the first time in years Hillsboro-Deering is able to establish their tuition rate in line with the state average. The school board has taken advantage of the two percent rental factor allowed and have increased their 1967-68 rate from \$475 to \$600 per high school pupil.

You are all probably cognizant of the fact that the State Board of Education has joined the Hopkinton and Henniker School Districts to Supervisory Union #24 as of July 1, 1967. The office will continue to be in Hillsboro but because of space requirements it may be necessary to relocate. There will be two additional members of the staff and I wish to welcome Mr. Douglas Brown who has been elected to the position of assistant superintendent. He will spend a considerable amount of his time working with personnel and curriculum, areas which have been neglected by this office of late.

Local

At the 1966 annual district meetings Antrim, Bennington and Hillsboro-Deering elected committees which have been involved in studies which could lead to membership in a cooperative school district. A year ago it looked as though Antrim, Bennington, Hillsboro-Deering, Henniker and Weare had cause to feel that there was considerable merit in joining for educational purposes. Today the picture has changed drastically. Bennington and Antrim have withdrawn from the above group and have cast their lot in the direction of the Peterborough study while Hopkinton has joined in study with the remaining districts. If all the districts involved in the studies become members of the respective cooperative school districts, there will be enough pupils involved to program educational opportunities comparable to most in the state at a per pupil cost which must be considered favorable in the light of the previously listed advancement. Antrim, Hillsboro-

Deering, Hopkinton and Weare are or soon will be faced with building programs if they do not become a part of a cooperative. Therefore this is an opportune time to be considering such a move. By the time you read this the coop will have been accepted or rejected by the involved districts. It is my hope that should there be failure at this time that the same groups will again try to present to the voters an acceptable program in the very near future. All are faced with financing adequate programs and nearly all are faced with new construction. My personal feeling is that the only answer is for a joint solution to these problems. The day of an adequate small operation is past and the sooner the problem of size is solved the sooner we can get on with the job of quality education.

For the first time in my life I found myself joined with several other superintendents opening school with a vacancy on the teaching staff. Fortunately I was able to obtain a person to fill this vacancy within two weeks so little was lost. However, such an experience is frightening when it is obvious that our teacher training institutions will be unable to improve the teacher shortage situation for at least three more years. Your board has moved in the direction of making teacher procurement funds available comparable to most New Hampshire districts, but again this year I anticipate a most difficult time in filling our staff vacancies.

Again I wish to express my appreciation to those with whom I have worked for their fine cooperation and to all others for any contributions they may have made in the interest of education. Through such cooperative spirit, we do move forward.

Respectfully submitted,
 Norman R. Hartfiel
 Superintendent of Schools

SALARY OF SUPERINTENDENT OF SCHOOLS

Supervisory Union #24

1965 - 1966
